Product description:

All System Base Fluid is an acid-free bonding agent developed for the optimal preparation of artificial fingernails. After application, a sticky film remains, which ensures the adhesion of all systems.

Application instructions:

Before modeling, apply a thin layer to the prepared nail and allow to air dry slightly. Then begin modeling with the system of your choice.

All System Base Fluid (D008)

Labeling Elements:

Warning

H225 – Highly flammable liquid and vapor.

H317 – May cause allergic skin reactions.

H319 – Causes serious eye irritation.

H336 – May cause drowsiness or dizziness.

H412 – Harmful to aquatic life with long-lasting effects.
