Product description:

Delicate pink-coloured builder gel with a firm consistency. A single-phase gel that is ideal for natural toenail reinforcement. Easy to apply, self-smoothing and does not generate heat. Does not run into the edges of the nail.

Application instructions:

Apply the gel to the prepared toenail in one or more layers as required and cure.
Curing time: UV/LED 60-90 seconds.

Pedi Foot Gel GF1 – Modellage

Labeling elements:

Danger
