Product description:

Medium-viscosity gel with a delicate rose shimmer, which, in combination with Baby Boomer Gel 'white', makes it quick and easy to achieve the perfect transition in a Baby Boomer design. Very good adhesion properties and no yellowing.

Application instructions:

Apply the gel to the prepared natural fingernail or tips in one or two thin layers. The curing time per layer is 60-90 seconds under UV/LED light.

Baby Boomer Gel Ice Pink

Labelling Elements:

Danger

H317 – May cause allergic skin reactions

H319 – Causes serious eye irritation

H411 – Toxic to aquatic life with long-lasting effects

EUH204 – Contains isocyanates. May cause allergic reactions.

P280 – Wear protective gloves made of butyl rubber in accordance with EN 374 and eye protection in accordance with EN 166.

P302 + P352 – IF ON SKIN: Wash with plenty of soap and water.

P333 + P313 – If skin irritation or rash occurs: Seek medical advice/attention.

P305 + P352 + P338 – IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

P337 + P313 – If eye irritation persists: Get medical advice/attention

P362 + P364 – Take off contaminated clothing and wash before reuse.

P273 – Avoid release to the environment.

P501 – Dispose of contents/container to an approved waste disposal company.

PAO – If stored correctly, can be kept for 12 months after opening (can symbol).

Unopened in its original packaging and stored correctly (cool, dry, protected from sunlight between 10 and 25°C), can be kept for several years.
