Product description:

Liquid for creating acrylic modelling in combination with acrylic powders. The mixture (spherical) created from the liquid and powder can be spread and has a slightly faster curing time. This modelling system dries in the ambient air.

Application instructions:

The brush is dipped into the liquid and then used to pick up the acrylic powder in the form of a ball with the tip of the brush.

The liquid is also used to spread the material evenly and to pre-clean the brush.

Deluxe Aroma Nail Liquid (A500/A501/A502)

Identification elements:

Attention

H226 – Flammable liquid and vapour.

H315 – Causes skin irritation.

H317 – May cause allergic skin reactions.

H319 – Causes serious eye irritation.

H335 – May cause respiratory irritation.

H411 – Toxic to aquatic life with long-lasting effects.

P210 – Keep away from heat/sparks/open flames/hot surfaces. No smoking.

P403 + P235 – Store in a well-ventilated place.

P280 – Wear protective gloves made of butyl rubber in accordance with EN 374 and eye protection in accordance with EN 166.

P271 – Use only outdoors or in well-ventilated areas.

P305 + P335 + P338 – IF IN EYES: Rinse cautiously with water for several minutes.

Remove contact lenses, if present and easy to do. Continue rinsing.
